I also understand that the dealer has allowed me the opportunity to have the vehicle inspected by an A.S.E. certified mechanic before I purchase this vehicle.

The dealer has also informed me that they are not the original owner of the vehicle. As such, they have no actual, firsthand knowledge of the of the vehicle’s prior history, as well as any knowledge to whether the vehicle was involved in any unreported damage and/or collisions. The dealership has shared with me a copy of an Autocheck or Carfax history report prior to purchase. I understand I have the right and permission to conduct whatever investigation I deem necessary to determine the condition of this vehicle before purchasing. In this regard, I fully acknowledge the following:
