

2021
SNOWMOBILE

 **YAMAHA**
Revs Your Heart

CONNECT

verb: to join or link together; unite or bind

Life is experienced in the present, then lives on in our memories. What we recall defines us, and Yamaha believes our best memories occur when we connect deeply with family and friends.

Meaningful connections are made when we venture outside and participate in exciting activities together – and nobody does outdoors better than Yamaha.

Snowmobiling is a truly memorable winter experience. Exploring nature, breathing in the beauty and sharing the passion of a life outside the box. Connect and create the memories that bond friends and cement families forever with Yamaha.

WHAT'S NEW WITH YAMAHA

2021 SNOWMOBILES

The new 2021 line-up from Yamaha features the industry's most affordable, size appropriate, youth snowmobiles that now step up to all-new, light-weight mid-performance models in the Venom and Transporter Lite series. On the top-side are the highest performing muscle sleds in the sport. Engineered with a wide selection of features and suspension packages, there is a Yamaha suited for every stage of your snowmobile journey.

NEW! STRYKE SKI

The Yamaha design, single keel ski, strikes the elusive balance between lightweight steering effort and precision handling over a wide range of snow conditions. Unique, tapered carbides and adjustable spacers further enhance steering response and customization.

2021 SNOWMOBILES

400 SERIES

Yamaha is taking it back to basics for 2021. The all-new 400 series is the perfect option for young and new snowmobilers with it's modest size, ease of operation and price tag that takes snowmobilers back in time.

Based on a new, super-light chassis and a strong, 60 plus horsepower, 2-stroke engine, the SX Venom, SX Venom Mountain and Transporter Lite have all the features and technology found in a modern snowmobile at the price point of a used machine. The 400 series is the light, reliable, compact snowmobiles the whole family have been waiting for.

UTILITY / 2-UP

Yamaha has a long legacy of producing capable, reliable work sleds. The all new Transporter Lite is the latest addition and brings back the convenience, performance and lightweight that many Yamaha utility snowmobile customers have been waiting for. The new Transporter 800 ups the ante with more power and torque for all your utility needs.

The family also includes the reliable wide-track VK's and deluxe RSventure TF 4-stroke. No matter where you live or how hard the job at hand, Yamaha has the right snowmobile to fit the need.

100,000 MILES**

ENGINE LUBRICATION LIMITED WARRANTY

It's 5 o'clock in the morning and negative thirteen frostbiting degrees. The sun's not even ready to go. But your Yamaha sled? That's a whole different story, thanks to superior engineered oil and the Yamalube Advantage.

You can participate in the Yamalube Advantage program one of two ways: insist your dealer use Yamalube Engine Oils and Yamaha Genuine Oil Filter specified in the Owner's Manual. For the do-it-yourselfer, we offer convenient Snowmobile specific oil change kits that include all the necessary items you need. The Yamalube Advantage is a win-win, for you and for your sled.

Simply register your newly purchased snowmobile before the first scheduled maintenance as specified in the applicable Owner's Manual, with an allowance of ten percent (10%) over the mileage interval, hours of operation interval, or time interval provided. Please have your vehicle's VIN (Vehicle Identification Number) handy.

QUALIFYING YAMALUBE OILS INCLUDE:

- 0W-40 Full Synthetic
- 0W-30 Semi-Synthetic

Go to YamalubeAdvantage.com before your first scheduled maintenance to register your newly purchased Yamaha.

Items and specifications subject to change without notice. Yamaha Motor U.S.A. proudly offers and acknowledges quality products manufactured by reputable companies throughout this brochure.
